Apply Brakes on Fuel filling manipulations :

- High price of fuel is a temptation to manipulate fuel filling and earning extra money.
- Phenomenal loss of money to individuals and businesses on a daily basis.
- Shrinking profitability.
- Develops a culture of stealing.

If you are:

- An individual
- Taxi operator
- Transport company operator
- Bus fleet operators
- Organization having multiple vehicles.

You run a risk of:

- Losing your money through manipulation in fuel filling.
- Losing your peace of mind as you closely monitor every vehicle's fuel filling.
- Loss of productive time in maintaining receipt books.
